- Paper: dark green with gold leaf pattern, or solid drk green
- Stamps: large sunflower, large patterned leaf vine, floral frame and "friends are forever" sentiment
- Gold cord, thin
- Brush marker: Olive green
- Scissors

DIMENSIONAL GOLD LEAF SUNFLOWER CARD

Directions:

Cut light green cardstock to 4-1/4" x 5-1/2". Stamp with large patterned leaf vine image in pesto ink, completely covering cardstock and overlapping edges. Cut yellow/beige cardstock to 8-1/2" x 5-1/2" piece and fold to 4-1/4" x 5-1/2".

Stamp floral frame with black ink onto rest of yellow/beige cardstock twice and the large sunflower image with black ink once. Cut around the two floral frame images, set sunflower image aside.

Cut one rectangle out of dark green paper. Size to fit inside floral border with a small border between image and paper, glue in place with DDC adhesive. Center this in the middle of green leaf vine cardstock about 1/2" from top.

Color in leaves and stems with DDC Adhesive and sprinkle with Green Briar glitter. Dab on dots between leaves with DDC and spoon on Corn Silk glitter. Also put Corn Silk dots in centers of flowers in frame. Set aside to dry.

Fill in center of sunflower with Leafling Adhesive, when adhesive is still white but tacky, lay variegated leafling over adhesive, brush lightly into place. Fill in 3-4 petals at a time with Leafling Adhesive, carefully leaving black outline. Apply gold metal leafling in same manner as above. Set aside to dry.

Stamp "friends are forever" with pesto ink in center of remaining floral frame. Accentuate flowers and flourish on words with DDC adhesive and Corn Silk glitter. Let dry.

Lay sticky side of sticky tape along right hand inside flap of card. Remove protective red cover and lay gold metal leafling over sticky tape, brush lightly into place.

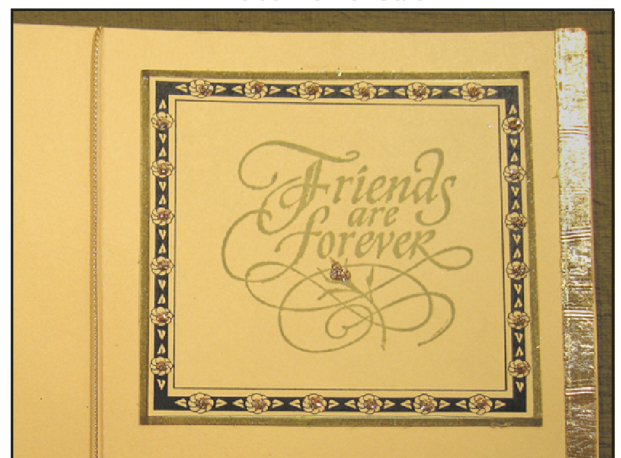

Glue light green cardstock to front of card when dry. Cut a 1/4" strip off of right edge, showing gold metal leaf strip below. Glue "friends are forever" panel to center, inside of card, approximately 1/2" from top.

Inside View of Card

Closely cut flower out, coming up to, but not including the black outlines. Leafling adhesive is flexible so petals can be turned upward slightly. Glue center of sunflower to center of dark green paper on front of card.

Wrap a 20" strand of gold cord around center of card. Tie together on outside of card, making a small bow. Glue a 6" strand along the front right hand edge of card.

Give a shadow to floral frame on the inside of the card by following around its outside edge with brush marker.
