Directions:

Place each of your glitter colors, glass beads and gala glitz jars inside a coffee filter.

Peel off backing of sticky paper. Lay lace over sticky side of paper with top of lace slightly below top of sticky paper. If your placement is off, gently remove lace and lay down again. Firmly smooth on all areas of lace to sticky paper. Flood paper with Ripe Plum, opaque glitter and tap off excess. Pull lace off to reveal pattern. Spoon on Pink Smoothie, transparent glitter.

Lightly cover backside of glitter lace paper with glue and attach to front of cardstock. Trim off bottom of cardstock just below lace design with deckle scissors and glue trim to bottom inside of card.

Draw around edges of petals with Designer Dries Clear adhesive. Spoon on small Deco Pink beads while holding card over coffee filter to catch strays. Apply beads while adhesive is wet, white and shiny. Follow top lace line with adhesive and cover with small Deco Pink beads. For additional depth add touches of glue to roses, spoon on large Deco Pink beads. To fill in gaps sprinkle beads with Pink Smoothie glitter.

Fill in leaves and stems with Spring Mint glitter. Create teal flowers along top by placing 4 small dots of glue (as on the corners of a box) then spoon on Teal Gala Glitz, fill in gaps with Peacock glitter. Place three more flowers on either side of large rose. Decorate edges of card with large and small Solar beads. Also place small Solar bead dots in the center of teal flowers. Don't forget to fill in beads with Old Gold glitter.

Finish by decorating trim on inside of card as desired. See example below. These directions are just a guideline to follow, use your imagination for a variety of colors and embellishing techniques like the cards below and online at: www.artglitter.com
